

PSYCHIATRIC REHABILITATION PROGRAM (PRP) AT THE OPPORTUNITY GROWTH CENTER

PRP promotes recovery, full community integration, and improved quality of life for persons who have been diagnosed with any mental health condition that seriously impacts their ability to manage their lives. Psychiatric Rehabilitation services are collaborative, person-centered and individualized

Our team ensures that each participant is properly screened, and the intention of services is properly identified within ten days of receiving our referral. One of our team members will complete Intake to determine their treatment. Our Rehabilitation Specialist will build a personalized Individual Rehabilitation Plan (IRP), then will be assigned to a trained Direct Care Worker (DCW) to provide services to assist with skill development to empower individuals to become independent and active members of their community.

THE CRITERIA FOR PRP

- All participants **MUST** be enrolled in MEDICAID
- All participants **MUST** be in active therapy (The OGC partners with local OMHCs and can refer interested participants to a Maryland Licensed Mental Health Therapist)
- All adult (ages 18 +) participants **MUST** have a DSM-5 diagnosis that falls under the Priority Population Criteria
- All youth (ages 5-17) **MUST** have a DSM-5 diagnosis
- All participants **CANNOT** be receiving similar services in other programs
